CCHCS' evaluation process is based on an industry best practice technique called progressive filtering. The process steps are as follows:

1. Review Offers to Administrative Criteria;
 - a. Responses are reviewed to ensure the submitted offer contains all administrative sections required for contract purposes (e.g. Cover Letter, Rate Sheet, Payee Data, etc.).

 - a. Offers are scored against Technical and Administrative RFO requirements.
 - b. This step results in a Preliminary Technical Score and Preliminary Administrative Score.

 - b. This step results in Final Technical and Administrative scores.
5. Review Offer's Proposed Cost; and
 - a. Lowest cost proposal will receive full cost points and each proposal with higher cost will receive a percentage of total points.
6. Determine Best Value.
 - a. Reference checks are performed at the discretion of the evaluation team.
 - b. CCHCS may enter into contract negotiations at this time including, but not limited to, rate/cost negotiation.

EXHIBIT A STATEMENT OF WORK

A. BACKGROUND AND PURPOSE

The State of California's prison medical system was placed into Receivership by United States District Court Judge, Thelton E. Henderson, as a result of a 2001 class action lawsuit brought against the State of California over the quality of medical care in the State's prison system. The Court found that the medical care was a violation of the Eighth Amendment of the U.S. Constitution, which forbids cruel and unusual punishment of the incarcerated.

All activities of the Receivership have one common purpose: to create a collaborative environment where custody and health care staff improve upon the quality of medical services in California prisons in order to meet constitutional standards while reducing avoidable morbidity and mortality. The Receiver has adopted six goals that are necessary for the California Department of Corrections and Rehabilitation (CDCR) health care program to rise to constitutionally acceptable and sustainable levels. The goals are: 1) ensure timely access to health care services; 2) establish a prison medical program addressing the full continuum of health care services; 3) recruit, train and retain a professional quality medical workforce; 4) implement a quality assurance and continuous improvement program; 5) establish medical support infrastructure; and 6) provide for necessary clinical, administrative, and housing facilities.

The above goals encompass key aspects of the CDCR's health care delivery system and the Receiver has initiated organizational changes to improve medical, nursing, mental health, and dental programs. The California Correctional Health Care Services (CCHCS) has embarked on a number of informational technology (IT) projects to support the Receiver's efforts in raising the level of patient-inmate health care to constitutional standards. Some of these solutions include the Health Care Scheduling and Tracking System (HCSTS), Mental Health Tracking System (MHTS) and Electronic Unit Health Record System (eUHR).

CCHCS has contracted with a commercial-off-the-shelf (COTS) vendor to design, install, configure, implement and manage an integrated Electronic Health Record System (EHRS) solution for CDCR's thirty-four (34) adult institutions. Vendor is using their established project implementation methodology which CCHCS has agreed to follow.

Given the complexities of the EHRS, CCHCS is seeking a Contractor with a team of consultants to provide Independent Verification and Validation (IV&V) for all phases of EHRS.

Consultants will work with the Independent Project Oversight Contractor to ensure risks, and issues relating to the technical aspects of EHRS are captured in the Independent Project Oversight Report.

Consultants will report to the EHRS Project Director, or designee, and the Information Technology Services Division (ITSD) Oversight and Governance Manager.

a. Contractors and Their Employees

Consultant Contractors shall file a Statement of Economic Interests, Fair Political Practices Commission (FPPC) Form 700 prior to commencing services under the Agreement, annually during the life of the Agreement, and within thirty (30) days after the expiration of the Agreement. Other service Contractors and/or certain of their employees may be required to file a Form 700 if so requested by the CCHCS or whenever it appears that a conflict of interest may be at issue. Generally, service Contractors (other than consultant Contractors required to file as above) and their employees shall be required to file an FPPC Form 700 if one of the following exists:

In addition to the above, the Contractor shall avoid any conflict of interest whatsoever with respect to any financial dealings, employment services, or opportunities offered to inmates or parolees. The Contractor shall not itself employ or offer to employ inmates or parolees either directly or indirectly through an affiliated company, person or business unless specifically authorized in writing by the CDCR. In addition, the Contractor shall not (either directly, or indirectly through an affiliated company, person or business) engage in financial dealings with inmates or parolees, except to the extent that such financial dealings create no actual or potential conflict of interest, are available on the same terms to the general public, and have been approved in advance in writing by the CDCR. For the purposes of this paragraph, “affiliated company, person or business” means any company, business, corporation, nonprofit corporation, partnership, limited partnership, sole proprietorship, or other person or business entity of any kind which has any ownership or control interest whatsoever in the Contractor, or which is wholly or partially owned (more than 5% ownership) or controlled (any percentage) by the Contractor or by the Contractor’s owners, officers, principals, directors and/or shareholders, either directly or indirectly. “Affiliated companies, persons or businesses” include, but are not limited to, subsidiary, parent, or sister companies or corporations, and any company, corporation, nonprofit corporation, partnership, limited partnership, sole proprietorship, or other person or business entity of any kind that is wholly or partially owned or controlled, either directly or indirectly, by the Contractor or by the Contractor’s owners, officers, principals, directors and/or shareholders.

The Contractor shall have a continuing duty to disclose to the State, in writing, all interests and activities that create an actual or potential conflict of interest in performance of the Agreement.

The Contractor shall have a continuing duty to keep the State timely and fully apprised in writing of any material changes in the Contractor’s business structure and/or status. This includes any changes in business form, such as a change from sole proprietorship or partnership into a corporation or vice-versa; any changes in company ownership; any dissolution of the business; any change of the name of the business; any filing in bankruptcy; any revocation of corporate status by the Secretary of State; and any other material changes in the Contractor’s business status or structure that could affect the performance of the Contractor’s duties under the Agreement.

If the Contractor violates any provision of the above paragraphs, such action by the Contractor shall render this Agreement void.

Members of boards and commissions are exempt from this section if they do not receive payment other than payment for each meeting of the board or commission, payment for preparatory time and payment for per diem.

6. DISCLOSURE

Neither the State nor any State employee will be liable to the Contractor or its staff for injuries inflicted by inmates or parolees of the State.
