EXHIBIT A STATEMENT OF WORK

A. BACKGROUND AND PURPOSE

The California Prison Health Care Receivership Corporation is a non-profit organization created to house activities of the Federal Receiver. United States District Court Judge, Thelton E. Henderson, established the Receivership as the result of a 2001 class action lawsuit (Plata v. Schwarzenegger) brought against the State of California over the quality of medical care in the State's prison system.

All activities of the Receivership have one common purpose: to create a collaborative environment where custody and health care staff improve upon the quality of medical services in California prisons in order to meet constitutional standards while reducing avoidable morbidity and mortality. The Receiver has adopted six goals that are necessary for CDCR's health care program to meet rise to constitutionally acceptable and sustainable levels. The goals are: 1) ensure timely access to health care services; 2) establish a prison medical program addressing the full continuum of health care services; 3) recruit, train and retain a professional quality medical workforce; 4) implement a quality assurance and continuous improvement program; 5) establish medical support infrastructure; and 6) provide for necessary clinical, administrative and housing facilities.

The above goals encompass key aspects of CDCR's health care delivery system and the Receiver is undertaking a broad organizational change to improve its mental, dental and health care programs.

CPHCS is currently implementing a basic Electronic Health Record (EHR). The EHR enables access to dental images, patient demographics, scanned documents, and laboratory, radiology, pharmacy, telemedicine, and mental health tracking information. One strategy to improve CDCR's overall health care program is to transition from a basic EHR to a full Electronic Medical Record (EMR), which includes Physician Order Entry and Electronic Charting of Medications. The basic EHR serves as a foundation for a future EMR. The future EMR would automate and streamline clinical workflow to improve effectiveness and efficiency of health care delivery to patient-inmates.

To enable continued deployment of EMR capabilities, CPHCS seeks a consultant or team of consultants to develop a high-level plan to transition the current set of clinical tools and technologies to a full EMR. The consultant, or team of consultants, will report to CPHCS' Director of Allied Health Services (AHS), Chief Information Officer (CIO), and/or designee(s).

The successful Offeror may be precluded from participating in any and/or all future solicitations involving the EMR plan.

Contractor fails to keep in effect at all times all required license(s) and permit(s), the State may, in addition to any other remedies it may have, terminate this Agreement upon occurrence of such event.

- (2) For the twelve-month (12-month) period from the date he or she left state employment, no former state officer or employee may enter into an Agreement with any state agency if he or she was employed by that state agency in a policy-making position in the same general subject area as the proposed Agreement within the 12-month period prior to his or her leaving state service.

In addition to the above, the Contractor shall avoid any conflict of interest whatsoever with respect to any financial dealings, employment services, or opportunities offered to inmates or parolees. The Contractor shall have a continuing duty to disclose to the State, in writing, all interests and activities that create an actual or potential conflict of interest in performance of the Agreement.

The Contractor shall have a continuing duty to keep the State timely and fully apprised in writing of any material changes in the Contractor’s business structure and/or status. This includes any changes in business form, such as a change from sole proprietorship or partnership into a corporation or vice-versa; any changes in company ownership; any

dissolution of the business; any change of the name of the business; any filing in bankruptcy; any revocation of corporate status by the Secretary of State; and any other material changes in the Contractor's business status or structure that could affect the performance of the Contractor's duties under the Agreement.

If the Contractor violates any provision of the above paragraphs, such action by the Contractor shall render this Agreement void.

Members of boards and commissions are exempt from this section if they do not receive payment other than payment for each meeting of the board or commission, payment for preparatory time and payment for per diem.

6. DISCLOSURE

Neither the State nor any State employee will be liable to the Contractor or its staff for injuries inflicted by inmates or parolees of the State.
