Where: 931 E. Magnolia • Stockton, CA 95202, School Gymnasium/Auditorium

Why: The HCA is a charter school aimed at preparing high school students for a career in the medical field. The daily school uniform is scrubs, which is not provided by the school. This can make it difficult for families to meet this requirement for their children. The school relies on support from community sponsors, such as CCHCS. Additionally, CCHCS prides itself on helping build a strong workforce and investing in our future medical employees.

HCA, created in 2011 with the assistance of grant funding provided by CDCR/CCHCS, will help to address the forecasted shortage of trained, qualified health care workers for jobs available in the Central Valley.
