Dear Mr. Alvarez, Ph. D.:

Thank you for taking the time to comment on the Draft Strategic Plan. I agree that there must be an organizational structure at the institution level which clearly defines and compliments the practice of individuals in various disciplines, and results in each discipline contributing to an overall healthcare system which is coordinated and effective. Given your comments, you will probably be interested in the fact that the Receivership has already begun an initiative for this purpose. We authored the new Chief Executive Officer classification recently adopted by the State Personnel Board. Individuals selected for the position will be responsible for the delivery of care by all professions within an institution as part of an integrated delivery system. I am attaching a copy of the new job description which will require the appointment of highly qualified and experienced individuals.

Sincerely,

J. Clark Kelso  
Receiver
