Dear Mr. Glover:

Thank you for your letter of April 28, 2008, regarding version 2.0 of my draft strategic plan. You can be sure that I will keep your concerns and requests in mind as we start to move towards final siting decisions for the long-term care facilities described in my plan and as we plan jointly with the California Department of Corrections and Rehabilitation for upgrading medical care facilities at existing institutions.

I very much appreciate your willingness to work together towards mutually compatible goals, and you can rest assured that we will be back in touch with you before any of our plans are finalized so that we may seek your input and further guidance.

Sincerely,

J. Clark Kelso
