- G.** The work location will be at CCHCS Headquarters located in Elk Grove, California, or at another designated location within the greater Sacramento area.
- H.** CCHCS, in its sole discretion, reserves the right to require Contractor to substitute personnel, add, reduce, or cancel a personnel's performance of services at any time.
- I.** CCHCS and Contractor are mutually obligated to keep open channels of communications to ensure successful performance of the ensuing Contract. Both parties are responsible for communicating any potential problems or issues to CCHCS DCIO, or designee, and the Contractor, respectively, within one (1) business day of becoming aware of said problems.
- J.** Contractor certifies that it has appropriate systems and controls in place to ensure that State funds will not be used in performance of the ensuing Contract for the acquisition, operation, or maintenance of computer software in violation of copyright laws.

14. Work Authorization

All Work Authorizations executed under this Contract must be signed by the Contractor Engagement Manager and the CCHCS Contract Manager listed in Section 17, Points of Contact, and will be made a part of the complete Agreement. A Work Authorization sample template is included as Attachment N to the SOW.

Either party may at any time propose a change to SOW. If Contractor believes that such change will increase Contractor's costs or delay completion, the parties will negotiate in good faith to try to accommodate such request. Contractor will be compensated at CCHCS' option, based on hourly rate aligned with rates listed in the Work Authorization. Contractor will disclose and explain to CCHCS its method of pricing a Work Authorization. At CCHCS' request, the parties will use project estimation tools to aid in determining pricing and to ensure that it is competitive in the marketplace. No change will be effective unless and until set forth

in a written amendment to the Contract, which is approved and signed by both parties. Any agreed upon modifications will be performed by Contractor in accordance with the amendment and Contract provisions. Any failure to agree to a proposed change will not impair the enforceability of other Contract terms or in Scope.

15. Unanticipated Tasks

- A.** In the event that additional work must be performed which was wholly unanticipated and is not specified in the SOW, but which in the opinion of both parties is necessary to the successful accomplishment of the general scope of work outlined, the procedures outlined in this Section will be employed.
- B.** The Agreement value may include up to ten (10) percent of the total Agreement amount (excluding travel) for unanticipated tasks. These funds may be used at the State's discretion. Unanticipated tasks will be contracted for on an as-needed basis and shall be optional throughout the term of the Agreement. Work for unanticipated tasks will be assigned and agreed to in writing by the Contractor and the State via a work authorization before the work can commence. The rates for unanticipated tasks must not exceed the original Offeror's hourly rates for unanticipated tasks and the total expenditures for unanticipated tasks shall not exceed the total amount set aside for unanticipated tasks.
- C.** For each item of unanticipated work not specified in the SOW, a Work Authorization will be prepared. This includes adding, removing, or substituting personnel, as specified in Contractor Personnel Changes.
- D.** It is understood and agreed by both parties to this Contract that all terms and conditions of this Contract shall remain in force with the inclusion of any such Work Authorization. Such Work Authorization shall in no way constitute a Contract other than as provided pursuant to this Contract nor in any way amend or supersede any of the other provisions of this Contract.
- E.** Each Work Authorization shall consist of a detailed statement of the purpose, objective, or goals to be undertaken by the Contractor, the job classification or approximate skill level of the personnel to be made available by the Contractor, an identification of all significant material to be developed by the Contractor and delivered to CCHCS, an identification of all significant materials to be delivered by CCHCS to the Contractor, an estimated time schedule for the provisions of these services by the Contractor, completion criteria for the work to be performed, the identification of the Contractor's positions to be assigned, the Contractor's estimated work hours required to accomplish the purpose, objective or goals, the Contractor's billing rates per work hour, and the Contractor's estimated total cost of the Work Authorization.
- F.** All Work Authorizations must be in writing prior to beginning work and signed by the Contractor and the State.
- G.** CCHCS has the right to require the Contractor to stop or suspend work on any Work Authorization pursuant to the "Stop Work" provision of the General Provisions.
- H.** Personnel resources will not be expended (at a cost to the State) on task accomplishment in excess of estimated work hours required unless the procedure below is followed:
 - If, in the performance of the work, the Contractor determines that a Work Authorization to be performed under this Contract cannot be accomplished within the estimated work hours, the Contractor will immediately notify CCHCS in writing of the Contractor's estimate of the work hours which will be required to complete the Work Authorization in full. Upon receipt of such notification, CCHCS may:
 - a) Authorize the Contractor to expend the estimated additional work hours or service in excess of the original estimate necessary to accomplish the Work Authorization (such an authorization not unreasonably to be withheld), or
 - b) Terminate the Work Authorization, or

- c) Alter the scope of the Work Authorization in order to define tasks that can be accomplished within the remaining estimated work hours.

CCHCS will notify the Contractor in writing of its election within seven (7) calendar days after receipt of the Contractor's notification. If notice of the election is given to proceed, the Contractor may expend the estimated additional work hours or services. CCHCS agrees to reimburse the Contractor for such additional work hours.

16. Contractor Personnel Changes

The change in personnel shall require a formal amendment processed by the Information Technology Services Division and the proposed personnel may begin work upon execution of Contract Amendment and notification from the CCHCS Contract Manager.
- D.** Replacement personnel shall not automatically receive the hourly rate of the staff(s) or position(s) being replaced. CCHCS and the Contractor shall negotiate the hourly rate of any replacement personnel to the Contract. The hourly rate negotiated shall be dependent, in part, upon the experience and individual skills of the proposed replacement personnel. The negotiated hourly rate shall not exceed the hourly rate for that position, as set forth in the Contract.
- E.** CCHCS reserves the right to reject the Contractor's proposed personnel. If any of the proposed personnel is rejected, the Contractor shall work diligently to promptly provide a qualified replacement to CCHCS for approval within twenty (20) business days of the rejection.

Contractor agrees to be as fully responsible to the State for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Contractor. - C. Service Provider shall be responsible for, and remain liable to, CCHCS for the actions of unauthorized employees, contractors and subcontractors concerning the treatment of CCHCS related sensitive and confidential information, as if they were Service Provider's own actions.
- D. In recognition of the foregoing, Service Provider acknowledges and agrees it shall:
 - 1. Treat sensitive and confidential information with such degree of care required by Federal and State requirements including but not limited to the United States National Institute for Standards and Technology and the SAM Chapter 5300.

 - 3. Not use, sell, rent, transfer, distribute, or otherwise disclose or make available sensitive or confidential information for the benefit of anyone other than CCHCS without CCHCS's prior written consent.

5. Responsibilities of the Service Provider

- A. The Service Provider is obligated to ensure the following:
 - 1. Safeguards. To prevent the unauthorized creation, use, management, transfer, distribution, storage, etc. other than as provided for by this ISA. The Service Provider shall develop and maintain an information privacy and security program that includes the implementation of administrative, technical, and physical safeguards appropriate to the size and complexity of the Service Provider's operations and the nature and scope of its activities. The information privacy and security programs must reasonably and appropriately protect the confidentiality, integrity, and availability of the CCHCS information it creates, receives, maintains, or transmits; and prevent the use or disclosure of CCHCS information other than as provided for by this ISA. The Service Provider shall provide CCHCS with information concerning such safeguards as CCHCS may reasonably request from time to time.
 - 2. The Service Provider shall restrict logical and physical access to CCHCS sensitive and confidential information to authorized users only.
 - 3. The Service Provider shall implement appropriate authentication methods to ensure information system access to sensitive and confidential information. If passwords are used in user authentication (e.g., username/password combination), the Service Provider shall implement strong password controls on all compatible computing systems (including hand held and mobile devices) that are consistent with the National Institute of Standards and Technology (NIST) Special Publication 800-68 and the SANS Institute Password Protection Policy.

4. Institute a patch-management process including installation of all operating system/software vendor security patches; and
 5. Encrypt all confidential, personal, or sensitive data stored on portable electronic media (including but not limited to CDs and thumb drives) and on computing devices (including but not limited to laptops, computers, cell phones, and tablets) with a solution that uses proven industry standard encryption algorithms.
- C. The Service Provider shall not transmit confidential, personal, or sensitive data via e-mail or other Internet transport protocol over a public network unless, at minimum, a 128-bit encryption method (for example AES, 3DES, or RC4) and strong passwords are used to secure the data.
- D. Mitigation of Harmful Effects. To the extent practicable, Service Provider will mitigate harmful effects known to the Service Provider of a use or disclosure of sensitive and/or confidential information by the Service Provider or its sub-Service Providers.

Immediate notification shall be made to the CCHCS Chief Information Security Officer and/or their designee(s). Service Provider shall take prompt corrective action to cure any deficiencies and any action pertaining to such unauthorized disclosure required by applicable Federal and State laws and regulations while at the same time preserving evidence for investigation. Service Provider shall promptly remedy any violation of any provision of this ISA and shall certify the same to the CCHCS Information Security Officer in writing. The fact that CCHCS inspects, or fails to inspect, or has the right to inspect, Service Provider's facilities, systems and procedures does not relieve Service Provider of its responsibilities to comply with this ISA. CCHCS's failure to detect or detection but failure to notify Service Provider or require Service Provider's remediation of any unsatisfactory practice, does not constitute acceptance of such practices or a waiver of CCHCS's enforcement rights under this ISA.

6. Termination

- A. Termination for Cause. Upon CCHCS's knowledge of a material breach of this ISA by Service Provider, CCHCS shall either:
1. Provide an opportunity for Service Provider to cure the breach or end the violation and terminate this ISA if Service Provider does not cure the breach or end the violation within the time specified by CCHCS.
 2. Immediately terminate this ISA if Service Provider has breached a material term of this ISA and cure is not possible; or
 3. If neither cure nor termination is feasible, the CCHCS Information Security Officer shall report the violation to the CCHCS Chief Privacy Officer and Director of the CCHCS Legal Office.
- B. Judicial or Administrative Proceedings. CCHCS may terminate this ISA, effective immediately, if (i) Service Provider is found liable in a civil matter; or (ii) found guilty in a criminal matter proceeding for a violation of federal or State law, rules and/or regulations, in particular within the nature of information confidentiality and protection.
- C. Effect of Termination. Upon termination or expiration of this ISA for any reason, Service Provider shall return or destroy all CCHCS information received from CCHCS that Service Provider still maintains in any form, and shall retain no copies of such information; or, if return or destruction is not feasible, it shall continue to extend the protections of this ISA to such information, and limit further use of such information to those purposes that make the return or destruction of such information infeasible. This provision shall apply to information that is in the possession of contractors to the Service Provider and/or agents of the Service Provider.
