

2.2.3 Enforcements, Sanctions, and Penalties for Violations of Individual Privacy

(a) Policy

- (1) California Correctional Health Care Services (CCHCS) shall apply appropriate sanctions against members of its workforce who fail to comply with its privacy policies. CCHCS workforce members must be aware of their responsibilities under CCHCS' privacy policies and complete CCHCS privacy training. The type of sanction for a violation of these policies shall be applied in accordance with the Department Operations Manual and shall vary accordingly depending, for example, on the severity of the violation, whether the violation was intentional or unintentional, whether the violation indicates a pattern or practice of improper access, use, or disclosure of Personally Identifiable Information (PII) or Protected Health Information (PHI), and similar factors.
- (2) CCHCS workforce members must guard against improper uses or disclosures of PII and PHI. Supervisors are responsible for assuring workforce members who have access to PII and PHI are informed of their responsibilities related to PII and PHI. Workforce members who are uncertain if a use or disclosure is permitted are advised to consult with their supervisor. Program areas that are unable to resolve a disclosure question may consult with the Privacy Office staff in accordance with operational procedures.
- (3) CCHCS workforce members who violate privacy related law, policy, or procedures are subject to sanctions, penalties, and disciplinary action as provided in federal and state law, and CCHCS policy. This may include termination of employment, monetary penalties, and time in prison.

(b) Purpose

To specify enforcement, sanctions, and penalties which may result from violation of privacy laws or CCHCS policies regarding the improper use or disclosure of PII or PHI.

(c) Responsibility

Oversight responsibility of the Privacy Office shall be vested in the Privacy Officer. The Privacy Officer is required to oversee privacy rights as required by laws, policies, and standards for respecting the rights of individuals with regard to the collection, use, and disclosure of personal information throughout CCHCS.
